Multi-Tasking

EDUCATION

Jawaharlal Nehru Technological University Hyderabad (JNTUH)

2026

B.Tech (Computer Science & Engineering - Data Science)

CGPA: 6.80 / 10.0

Sri Gayatri Junior College

2022

Intermediate (MPC)

70% | Telangana

Sri Krishnaveni High School

2020

SSC

CGPA: 9.8 / 10.0

PROJECTS

- **Road Accident Hotspot Prediction System:** Developed a supervised ML model to predict high-risk road accident zones using traffic, weather, time-of-day, and geographic data; engineered features from 10,000+ records to generate location-based risk scores.
- **Emotion-Based Colour Detection System using Generative AI:** Built a real-time AI system that detects user emotions via facial recognition and computer vision, using CNN-based deep learning to map emotions to personalised colour palettes.
